Got it Kelley.

I'm on travel this week, but just alerted to EU staff to jump on reviewing these sampling results.

Thanks,

Tito

Toxicologist Reports and related DRAFT Residential Data Reports
Tito -

The tox reports and the residential data reports for the four locations sampled during week #5 were just sent to the HQs EU for review.

Sorry for the delay in sending these. Given that there are only four locations - we are still hoping that the review can be completed in time to release the data next week along with the week 4 data which was previously reviewed.

Thank you - Kelley

Subject: Dimock Residential Ground Water Sampling - Week #5
Toxicologist Reports and related DRAFT Residential Data Reports

Attached please find PDFs of the Toxicologist Reports and Draft Residential Data Reports for the 4 locations sampled during Week #5 (3/5/12 - 3/8/12).

While the data has been validated and is considered final, the reports are considered DRAFT until our review is completed. [REDACTED]

The "tox" reports include additional information (e.g. lab qualifiers, MDLs, QLs, RLs) to assist in the tox review which is not included in the residential reports. [REDACTED]

A glossary/key is included at the end of the residential data reports.

Please feel free to contact me with any questions and/or if you need additional info.

Thank you - Kelley
